

PRODUCT INFORMATION

ADHESIVE NOMEX TAPE

PRODUCT DESCRIPTION

Adhesive Nomex tape is a pressure sensitive tape made of Nomex aramid paper and heat resistant thermosetting acrylic adhesive. It has strong adhesion on most substrates and good chemical resistance. The tape is UL approved E315249 and E315208.

APPLICATIONS

Hold down layer, barrier and ground insulation. The tape can also be used for tabbing, lead bundling and anchoring, outer wrap for coils and repairing Nomex wrapped conductors.
Interlayer insulation for class H transformers.

TECHNICAL INFORMATION

BACKING	NOMEX
BACKING THICKNESS (MM)	0.05
TOTAL THICKNESS (MM)	0.102
COLOUR	WHITE
TENSILE STRENGTH (N/25MM)	90
ADHESION TO STEEL (N/25)	12
FLAMMIBILITY	FLAME RETARDANT
BREAKDOWN VOLTAGE	≥2000V
ELONGATION (%)	>10%
ADHESIVE TYPE	ACRYLIC
